What can your classroom parents do to help you the most? I am a mother of two little ones and some mornings do not go as planned, it is so helpful to know if your kiddo didn't sleep well or if they just had a hard morning so that I can try to start their school day off with a little extra love and care. It is also very helpful to know if/when your child is experiencing any changes or difficult times, any information that you can give me is so helpful when I try to create a learning environment where your child feels loved.

One thing you would love for your parents to know this year? Besides being your child's reading and writing teacher, I am a wife and a mother of two. My daughter, Emerson is a Top Dog and my son, Cleo is a kindergartner at BWE this year! I know how hard it is to juggle the day-to-day routine of after-school activities, homework, dinner, bedtime, etc. Please know that I am here to support you and your child. Please never hesitate to reach out to me if you have a question or a concern about your child's 2nd-grade world. Thank you so much for letting me be a part of your kiddo's 2nd-grade year!!!!
